

## Revelation Online Plan for Continuous Growth 2019-2022

**School Mission:** Our mission is to provide flexible, alternative, educational opportunities to students within a Christ centered atmosphere so they can achieve their high school diploma or achieve high school completion.

**School Vision:** Our vision is to create a school that empowers students to be responsible global citizens; to create positive relationships in a safe and caring faith-based community. We will provide flexible personalized opportunities for high school completion, dedicated to creating life-long learners.

**School Charism:** At Revelation Online we believe in an online learning community where the best interests of its learners come first, providing all members of our online community the care and resources necessary to become healthy, responsible, and contributing members.

We believe in a community with a shared commitment to improvement and one that is responsive to the changing needs and interests of its members.

We believe in an online community discovering and cultivating their individual talents while developing a positive attitude of self-worth.

We believe in our members becoming lifelong learners, developing moral, ethical, and Christian values and understanding the rights, responsibilities and obligations of participation in the family, community, nation, and world.

### **School Context:**

Revelation Online is a virtual based high school dedicated to providing educational opportunities for all learners. We do not only cater to students who have had difficulty in a traditional school environment but also students looking at advance quicker or who are looking for a different way of learning. We also support adult students whether they are looking for a high school program or are involved in our Newman theological college partnership.

Revelation Online uses a web based LMS (Brightspace) to access course content and teachers. Within Brightspace students have access to a full learning management system which means students have all the tools they need in order to be successful online learners. Our teachers are accessible on a daily basis to effectively support students and are experts in their field and provide our students with the best opportunities for success

Review of Previous Year's Goals:
