Whatever
you do,
do everything
for the glory
of God.

1 Corinthians 10:31

With over 44,000 students, the Edmonton Catholic School Division (ECSD) is continuously looking at strategies to further enhance student learning. Over the next three years, ECSD will evaluate ways to improve operating costs, enrich learning environments, develop a continuum of programs and balance utilization.

YOUR FEEDBACK IS VERY IMPORTANT TO US!

By **WALKING TOGETHER**, we can create a **GLORIOUS FUTURE** for the Edmonton Catholic School Division.

ECSD believes all students should have access to quality learning environments regardless of the age of the building.

New schools are needed in new areas to relieve enrolment pressures and provide students with viable options for Catholic education.

As our buildings age and the number of young Edmontonians increases, ECSD requires capital funding to support the success of Catholic education.
