

WILDLIFE DIVERSITY

WLD1020

1 Credit Course

Course Overview	Students investigate the diversity of Canadian wildlife in terms of structure, behaviour and habitat, and compare Alberta wildlife with wildlife in other parts of the world.				
Prerequisite	<i>Please refer to Alberta Education's Provincially Authorized Senior High School Courses and Course Codes Document</i>				
Required Materials & Resources	<ul style="list-style-type: none"> One Combined (Consumable) Module and Assignment Book 				
Learning Outcomes	<p>The student will:</p> <ul style="list-style-type: none"> A. Describe the diversity of Canadian wildlife B. Research and explain the structure, behaviour and habitat of a wildlife species present in Alberta C. Compare and contrast Alberta's wildlife with wildlife in other parts of the world D. Demonstrate basic competencies E. Make personal connections to the cluster content and processes to inform possible pathway choices 				
Note	<i>Within Alternative Education all teachers are required to follow a common course outline and gradebook set up.</i>				
Assessment	<p>The student's grade is determined by the knowledge the student has acquired based on the program of studies and the skills the student is able to show in articulating his or her knowledge.</p> <p>The student's grade will be calculated based on the following:</p> <p>Coursework – 100%</p> <p><i>*There is no final exam for this course</i></p>				
Topics of Study	<table border="0"> <thead> <tr> <th style="text-align: left;">MODULE</th> <th style="text-align: left;">TITLE</th> </tr> </thead> <tbody> <tr> <td style="vertical-align: top; text-align: center;">1</td> <td> <i>Describe the diversity of Canadian wildlife Research and explain the structure, behaviour and habitat of a wildlife species present in Alberta Compare and contrast Alberta's wildlife with wildlife in other parts of the world Demonstrate basic competencies Make personal connections to the cluster content and processes to inform possible pathway choices</i> </td> </tr> </tbody> </table>	MODULE	TITLE	1	<i>Describe the diversity of Canadian wildlife Research and explain the structure, behaviour and habitat of a wildlife species present in Alberta Compare and contrast Alberta's wildlife with wildlife in other parts of the world Demonstrate basic competencies Make personal connections to the cluster content and processes to inform possible pathway choices</i>
MODULE	TITLE				
1	<i>Describe the diversity of Canadian wildlife Research and explain the structure, behaviour and habitat of a wildlife species present in Alberta Compare and contrast Alberta's wildlife with wildlife in other parts of the world Demonstrate basic competencies Make personal connections to the cluster content and processes to inform possible pathway choices</i>				
An Important Note About Assessment	A wide range of assessment information is used in the development of a student's final grade. Within Alternative Education, individualized assessments provide specific information regarding student progress and overall performance in the course. Student assessments may vary from student to student to adapt to differences in student needs, learning styles, preferences and paces. The teacher will apply best teaching practices to determine appropriate assessment.
