

QUICK UPDATES FROM ANNUNCIATION SCHOOL

Here is your update for the week of January 24th

<p>Good News!</p>	<p> Thank You to all our families who are working hard to keep Annunciation safe during these challenging times. Although COVID has separated us in some ways and brought about some hard times and emotions, it has also brought us closer together as a community as we learn ways to support one another. The students are doing such an amazing job as they continue to learn throughout this pandemic whether it be through in-person lessons or Google lessons on the computer. We are so proud of them as they come and go from school and continue to try their best. Parents, these are tough times for you as well, and we are here for you. Thank you for contacting us when your child is ill and letting us know how they are doing. Please, never feel bad if you must inform us of a positive COVID test. There is never anything to be ashamed of and we actually would much prefer to know that testing has occurred and the results as it allows us to support your child's friends, peers and teachers. Take care and know that we are all in this together</p>
