

Student Pick Ups and Drop Offs and Student Parking

Many parents choose to drive their children to school. Students may be dropped off and picked up at the north entrance in our turn around lane. For the safety of all, please drive slowly and carefully when dropping off students.

The staff parking lot is to the south of the school and is off limits to students. Students may park in the north parking lot, except for the visitor spaces. The businesses around the school have asked that students please not park in their parking lots. They may begin towing student vehicles if they continue to park in the private lots. Students who do not find parking in the north lot, must find street parking.

All entry doors to the school will be locked at 9:15 AM. In the winter, if buses are late, we ask the students to enter through the north doors. After school begins, students may only enter the school from the main entrance, which is the north entrance. Students will be buzzed in once they show their student ID. The doors will once again be opened at the end of lunch to allow easy entrance to students who leave campus. The doors will once again be locked 15 minutes after classes begin.
