

WIN SENIOR GRADES 10-12

WIN Senior is a program of choice designed to support high school students identified with mild to severe cognitive needs to attain a Certificate of Completion in their community school. Students participate in curricular programs to audit the class for some of the day where they focus on developing their communication, social, and learning skills. For other parts of the day students work with the WIN teacher for one-on-one or small group instruction. They also have opportunities for community interactions and work study.
