WIN 3 Program Fees

The WIN 3 Program focuses on Literacy, Numeracy, Life Skills, Work Experience, Religious Education, Physical Activity, Interest courses, and Community Integration.

In order for students to achieve the highest level of support and success in this program, we ask that arrangements for payment of student fees be made upon your behalf at your convenience

Payment of fees is necessary to assist with each individual student's success and is needed for the continued and ongoing operations to function. If school fees are not paid, students will be charged per field trip throughout the year.

These fees are cumulative, and unpaid fees are carried into the next school year. The Business Office is happy to set up a payment plan with you to manage fees. Contact the school office for more information. Unpaid fees will affect graduation in grade 12.
