Dear 100 Voices Families:

We cannot believe that September is almost over. It has been a wonderful month getting to know your children. We are looking forward to building a partnership with you for your child’s learning journey. This year promises to be an exciting year of learning and growing in our classrooms.

Instead of a traditional parent information evening held at this time of year, we are in the process of preparing an online presentation. It will provide you with an opportunity to meet our staff and learn more about programming and interventions we are providing for your children throughout the school year. Once our presentation is ready, we will send out the link. In addition to this, your child’s teacher will continue to provide more specific information about learning within the classroom.

As we continue to navigate our way through the pandemic, Edmonton Catholic Schools has created a Back to School Plan that you can access [here](#). In addition to this, the daily Covid-19 Screening Questionnaire can be found [here](#). As a reminder we ask that you use this screen with your child daily and our staff will be doing the same. As our Chief Superintendent indicated, in his [September 15 letter](#), we will be informing our school community if we have a Covid case at St. Monica School. We will indicate the classroom number and whether it was the morning or afternoon class that may have been affected. Below is a chart so that you are aware of your child’s classroom number. Classes will not be required to isolate if a case of Covid is present. Please know that we are doing everything we can to ensure that all our safety protocols are being followed so that all students and staff are safe. Please reach out to your child’s teacher or to any of us in the office if you have any questions or if we can support you in any way.
