February 2022

Dear Students

Winter in this area is a strange thing. One day it is -40°C and the next it is raining and making it difficult to walk and drive on the icy roads. But the good thing about winter is that it does not last for ever. Already we can see signs of spring. The days are getting longer and the sun is getting higher in the sky.

As good Catholics, we are people of hope. We hope for spring – the sight of the first robin or the first bit of green grass. We always are looking for better days.

We know that even though the weather may not be great and things not going as we want, God is with us and beside us in all we do. He is our hope. His presence in our life is what gives us reason to get up each morning and to live through the snow storms in our life.

Remember, even when things are tough, God is beside you and he is there to help. Pray fervently and pray often. Pray for yourself, your family and friends, the world and even your pastor! I will keep you all in my prayers so that you grow to be good and faithful followers of God's Word.

A handwritten signature in black ink that reads 'Fr. M. [unclear]'.

Father Mitch

"I die the king's good servant, but God's first."

–St. Thomas More
