00:02:27.800 --> 00:02:29.110

Emilia Ziomko (Guest)

I think I'll be able to see.

00:02:37.390 --> 00:02:40.080

Emilia Ziomko (Guest)

The second item on our agenda is the approval of the meeting minutes, which was our annual general meeting that happened on October the 4th. And I'll just pull those up and get everybody.

00:02:59.040 --> 00:03:01.100

Emilia Ziomko (Guest)

Just a few minutes to review it.

00:03:45.670 --> 00:03:48.640

Pyra, Kenneth

Emily, can you go to the next page please?

00:04:12.620 --> 00:04:14.550

Pyra, Kenneth

And the last page.

Emilia Ziomko (Guest)

Yep, that's it.

00:04:19.640 --> 00:04:20.440

Emilia Ziomko (Guest)

Just two pages.

00:04:19.690 --> 00:04:20.180

Pyra, Kenneth

OK.

00:04:20.950 --> 00:04:21.520

Pyra, Kenneth

Thank you.

00:04:21.880 --> 00:04:25.170

Emilia Ziomko (Guest)

So I would like to raise the motion to have the October.

00:04:27.140 --> 00:04:29.410

Emilia Ziomko (Guest)

We looked over 4 three different subgroups.

00:04:27.760 --> 00:04:28.150

Stefanczyk, Pawel

Yeah.

00:04:30.320 --> 00:04:37.680

Stefanczyk, Pawel

I mean, yeah, first there is inside the spelling mistake, Izabela some tax planning he said or and TEK.

00:04:39.360 --> 00:04:41.430

Stefanczyk, Pawel

In the bottom of the second page, in the bottom.

00:04:49.460 --> 00:04:50.420

Stefanczyk, Pawel

You're welcome user.

00:04:54.100 --> 00:04:54.880

Emilia Ziomko (Guest)

Thank you, father.

00:05:00.020 --> 00:05:03.650

Emilia Ziomko (Guest)

Hey I would like to raise the motion to have the meeting minutes approved.

00:05:07.860 --> 00:05:09.030

Emilia Ziomko (Guest)

Anybody to 2nd?

00:05:14.810 --> 00:05:16.260

Emilia Ziomko (Guest)

OK, Simon, thank you.

00:05:17.860 --> 00:05:24.670

Emilia Ziomko (Guest)

We'll start off with a meeting for today. So first on our business of the meeting is the principle report from Ken.

00:05:25.270 --> 00:05:26.810

Emilia Ziomko (Guest)

So if you would like to go ahead.

00:05:30.580 --> 00:06:00.620

Pyra, Kenneth

OK, thanks. Thank you very much Emilia. First off, just wanted to express my gratitude to Gosia and Celina Tkaczuk who were taking over for me from September till mid November during my my absence away on a temporary leave. So lots of lots of things that the the two of them were responsible for while I was away, which included meeting with this group, getting the.

00:06:00.670 --> 00:06:03.010

Pyra, Kenneth

First meeting.

00:06:03.060 --> 00:06:23.750

Pyra, Kenneth

Up, up, up and running and getting the year off off to the races so a very big thank you to both of them while I was away my first day back at work was November 16th and lots of lots of things. Took place in that time and I know that Goshen, Celina had shared much much of the items that.

00:06:23.800 --> 00:06:36.930

Pyra, Kenneth

To, uh, constituted the activities at the school in those first couple of months, so I again I just wanted to say thank you to both of them for looking after things in in my absence.

00:06:38.340 --> 00:06:40.260

Pyra, Kenneth

From a principle standpoint.

00:06:41.440 --> 00:07:14.430

Pyra, Kenneth

With the, uh, the news of the consideration foreclosure, I just sent out a an email to the staff and have had very brief initial meetings with the staff regarding this. This entire process and I and I think it's important for me to share with this group here at that we are dedicating ourselves to ensuring that as the board goes through this process and the division goes through this process that we're committing ourselves to ensuring that the day-to-day operations of.

00:07:14.690 --> 00:07:25.650

Pyra, Kenneth

The school will continue and that this whole process has a minimal impact on our students. We want to ensure that the the noise of all of this.

00:07:26.180 --> 00:07:55.810

Pyra, Kenneth

Uh, minimally impacts our students and what they do from day to day so that the teaching and learning has the the priority for all of our staff and all of our students and hopefully ultimately our community. We know that there will certainly be some questions and some of our students have have already asked about this, but our focus will be on the day to day operations of our our school to ensure that our our students academic emotional.

00:07:56.120 --> 00:08:02.820

Pyra, Kenneth

And overall well being is at the front of of what we do, each each and every day.

00:08:04.060 --> 00:08:33.840

Pyra, Kenneth

With without a doubt there, there are some very compelling numbers that the report that was provided by the division to the board on the meeting last week provided, but ultimately speaking as we as we look at the school year that we will continue to do the things that we normally do, and some of those things gosia ahead looked after at the last meeting and I want to continue to extend and expand.

00:08:33.890 --> 00:09:04.220

Pyra, Kenneth

On what she had shared at the last meeting in October. So what I wanted to share with you today is where our current enrolment is. I wanted to give you a sense of what are our budget looks like. We will talk a little bit about some of the data that we gathered from the late spring from last year that drives where we are today. Our responsibility is, of course, to report back to our parent community that data that is part of our school growth plan.

00:09:04.580 --> 00:09:15.050

Pyra, Kenneth

And then talk a little bit about where we are as we're moving into the Advent season into Christmas. And again, this is to give you a flavor of a direction of of where we're going.

00:09:16.180 --> 00:09:46.110

Pyra, Kenneth

So from a data perspective, I'd like to just update you with our current enrolment. Are Kerner Roman sits as of today at 209 students in kindergarten to Grade 9. You may or may not be aware that we have lost a little bit of of our enrollment. Some of our families have chosen to to move on and to go to other places for a variety of reason. The one the one that probably hurts us the most. Gosia, you can attest to this.

00:09:46.170 --> 00:09:53.460

Pyra, Kenneth

Here's the triplets moving to Poland for for a period of time. Those three young ladies in grade two were just a a real.

00:09:53.840 --> 00:10:17.480

Pyra, Kenneth

A pleasure to have in our school and that has impacted our our enrollment, but nonetheless we are not really that far off from where we had projected enrollment to be at the end of last school year are projected enrollment that we budgeted for was approximately 210 students, so we're we're relatively close, which is which is quite good.

00:10:18.760 --> 00:10:49.090

Pyra, Kenneth

You have I, I hope all read the report prepared by division planning and gave you an idea of some of our fiscal challenges, and I'm sure many of you are aware that the school continues to operate at a overall deficit we have staffed is very tightly as as we can our junior high, of course, is is quite a challenge when we're looking at our enrollment of 17 students in grades seven.

00:10:49.180 --> 00:11:06.600

Pyra, Kenneth

16 students in Grade 8 and 18 students in grade 9 to try and offer them a very rich experience and we did get approval by the division to run a straight great seven Grade 8 and Grade 9 and that has put some serious pressure on our on our.

00:11:06.660 --> 00:11:27.380

Pyra, Kenneth

Our overall budget. We have really trimmed down on our operating costs as this year and last year we have knocked it down. This year we're looking at an approximation of about \$78,000 for operating costs for the entire school year, and I can tell you from my experience that is that is very, very tight.

00:11:28.830 --> 00:11:58.020

Pyra, Kenneth

Given that we have operated with an overall deficit and when working with the division Financial Services Department, we have been provided with a dollar amount for some differential funding to help offset the shortfall in funds that are available to us. So we're grateful to the division for providing us those additional funds to offset some of the funds that we are are short in in in order for us to be able to offer.

00:11:58.420 --> 00:12:09.990

Pyra, Kenneth

Services to our students. Nonetheless, it still is going to create a year end deficit for us as well, but we are slowly chipping away at it as we are required to do by by the division.

00:12:11.390 --> 00:12:41.270

Pyra, Kenneth

Uh, with that in mind, I I do want to share with you some data that I think is is important for us to take a look at as well as the division has all screwed. All schools go through a assurance survey that includes all

of our students in grades 7:00 to 9:00 and 4:00 to 6:00 to give us an idea of where we are with satisfaction and they have done a just a really, really good job.

00:12:41.320 --> 00:13:14.510

Pyra, Kenneth

In compiling all of that data to give us a sense of where we're at and how we're going to move forward in the school year that sets the table for the development of our school growth plan. So I just want to share if, if at all possible, Amelia if you can give me back control of the screen for parents to be able to see that the division has done a really, really nice job on providing the ability for parents to see all of the data.

00:13:14.950 --> 00:13:16.600

Pyra, Kenneth

That they can look at.

00:13:16.650 --> 00:13:26.170

Pyra, Kenneth

Chat and see where where things are at with us, so I'm. I'm really hoping that I can do this on the laptop.

00:13:26.220 --> 00:13:31.930

Pyra, Kenneth

Up, uh, it's not there.

00:13:33.300 --> 00:13:34.980

Pyra, Kenneth

OK, let's try this.

00:13:40.160 --> 00:13:43.000

Pyra, Kenneth

Let's try and that's right here.

00:13:44.280 --> 00:14:13.160

Pyra, Kenneth

Well, hopefully everyone can see this. This is if you look at the top URL and this is St.basil.ecsd.net and on this page you can see that there's a general information regarding a number of different areas, whether it's general information, staff, bus, transportation, the school assurance dashboard, and if you click on that and I'll just give you a quick idea. The school assurance dashboard is.

00:14:13.220 --> 00:14:44.060

Pyra, Kenneth

Open for public consumption and you can see information here that pertains directly to our school that was gathered from last year. You can see responses from parents of all students. Students in grades 46 as well as students in grades seven to nine with a variety of questions, and I think most compelling. That is important to share with with this group here. This evening is that there's a similar question for parents as well as all students in grades four to six and seven to nine, and that is.

00:14:44.180 --> 00:15:10.750

Pyra, Kenneth

Question #5 here my. My school has a variety of curricular activities, clubs and or teams. So in that regard I'm going to turn this over to gosia and she's going to talk a little bit about our school growth plan because we use data such as this to help develop that plan and implement strategies to trying to address that. So 'cause I'm going to turn this over to you, I'll stop sharing and you can speak to some of the things that have been happening over the course of the last few months.

00:15:13.760 --> 00:15:14.450

Beringer, Malgorzata

Thanks Ken.

00:15:15.270 --> 00:15:45.960

Beringer, Malgorzata

Uh, so there were three items with their school growth plan that we were focusing on that Ken had asked me to speak to. So first item that we were focusing on as a school is towards our mental illness and I know that that's an item that we have discussed openly throughout our meetings, so I'm happy to report that. Miss Cynthia, who is our family school liaison worker. She has continued to do stress jars with the whole groups and in whole classes coming into each classroom and working with each of the students. We've had some really phenomenal reports come out of that.

00:15:46.310 --> 00:16:06.000

Beringer, Malgorzata

We continue to put our Canadian Mental Health Association monthly inserts into our newsletters and we try to provide whole school, whole class and individual one on one supports specifically providing wrap around supports for some of our students who we consider to be top of the tier or who are just needing some additional supports.

00:16:06.470 --> 00:16:22.320

Beringer, Malgorzata

Uhm, those items and those one to one supports are in a confidential manner because we are trying to maintain the confidentiality of the parent and the child and we are trying to provide those supports as discreetly as we possibly can. In addition to the mental Wellness piece, we've also been able to offer.

00:16:24.990 --> 00:16:56.590

Beringer, Malgorzata

Parent Council for providing illion and helping us support that initiative. We have had alien in line do a residency in our school for the last two weeks. The kids have loved it and it has been really fun to have some excitement. Some you generated excitement in the building, so thank you very much to our parents for providing us with that and we were continuing to empower students by having different students helping us in the office during lunch time and we have games club that will be starting for junior high students.

00:16:56.660 --> 00:17:20.820

Beringer, Malgorzata

On Fridays at lunch time, just to give them an option of some students in junior high are really not wanting to go outside, so we're just trying to provide them with some different opportunities. Potentially stay inside, and I know Kenneth speaking about starting up intramurals as well and and that

will be starting up after the Christmas break. Another item that has been a big focus for us and our school growth plan has been academic success.

00:17:21.540 --> 00:17:51.600

Beringer, Malgorzata

So although we do not have or we haven't had for the last two years or regular P 80s and those are items that we use quite regularly as a measure with their academic success. We have been working hard to ensure that our students are really staying on the path. I know that in our last parent Council meeting I spoke to our lens CC-3NR TC Re screeners. Those were our literacy screeners that we were starting with in September. In October we moved into.

00:17:51.890 --> 00:18:09.750

Beringer, Malgorzata

Mercy screeners, so those are division wide screeners that we've been using across the board and doing some standardized testing to ensure that we have benchmarks for all of our students. And the goal is to have a benchmark set in place. So then we can see growth as we continue to screen our students throughout the year.

00:18:10.490 --> 00:18:12.220

Beringer, Malgorzata

We've also come.

00:18:12.890 --> 00:18:26.690

Beringer, Malgorzata

Implemented for our junior high something that we're calling on the way to honours. So typically what happens is at the end of semester one and at the end of semester two we have our honours awards for our junior high students.

00:18:27.360 --> 00:18:54.390

Beringer, Malgorzata

We really wanted to go hand in hand with our divisions initiative of ongoing outcome based assessment and reporting and really wanting our students and our parents to be aware of how our students are doing in their classes. So we have decided that we are going to do this measure of on the way to honor so we can recognize our students who are not quite honours yet but are getting there to give them that additional little added incentive of.

00:18:55.240 --> 00:19:16.280

Beringer, Malgorzata

You're so close and hang in there because that's at end of that first semester is coming up, so that was something that came together with our junior high cohort, which was a really nice and professional conversation. Then we were able to have and we also just had our parent teacher interviews that occurred last week. So thank you to our parents for attending that as well. And last but not least.

00:19:17.550 --> 00:19:23.250

Beringer, Malgorzata

One of the main focuses for our school and in our school growth plan has been celebrating faith, culture and language.

00:19:23.880 --> 00:19:53.870

Beringer, Malgorzata

A big part of us coming together as a faith based community has been our Sacramento preparation. We are so grateful to Holy Rosary Parish and the partnership that we have with our parish. She'll sit M at Yana from Holy Rosary has come in and she is working on a weekly basis with our grade threes in Sacramento. Preparation for their Holy Communion in grades six. We will be starting with confirmation preparation as well and that will be happening in the new year.

00:19:54.480 --> 00:20:02.180

Beringer, Malgorzata

A big thank you to Father Mattress wife who also came out and met with administration and we were able to come up with some new plants.

00:20:02.470 --> 00:20:34.820

Beringer, Malgorzata

A man and I am happy to announce that with her culture and language pieces we will be having strengthen equally or any koiki happening on December 6. Again, this is a big thank you to our parent council. This initiative could not happen without our parent Council. We will be insuring COVID cohorting and I know she can think oh I will be coming around to the classrooms and giving packages to our students and will be minimizing the interactions with our students do to kovid. But we are so grateful that we're able to create these near normal experiences for our students.

00:20:35.330 --> 00:20:51.200

Beringer, Malgorzata

On December 9th we will be having our virtual Christmas concert and tying off right before Christmas break. We will have aquatic virtually on December 16th, which all teachers will be sharing on their Google classrooms as well for our community to enjoy.

00:20:52.050 --> 00:20:53.380

Beringer, Malgorzata

And I think that's it for me again.

00:20:55.930 --> 00:21:18.700

Pyra, Kenneth

And that's why she did an outstanding job during my absence. Thanks so much, gosia. I appreciate that very much so you can. You can see that things are running as normal as possible and with that in mind, as we I guess we reflect on the idea of the proposal by division administration for consideration for closure.

00:21:18.960 --> 00:21:49.950

Pyra, Kenneth

It it gives you a sense that we're really trying to to do things that we would normally do regardless of that consideration foreclosure so in that light I I do want to say welcome to Christine Meadows and Karen Garlitos, who are part of our community engagement team as well as super dented fiacco are joining us here this evening and I I would like to give them this opportunity to maybe speak a little bit about the process of this consideration. Foreclosure because from the school standpoint I I hope that.

00:21:50.000 --> 00:22:17.070

Pyra, Kenneth

We have given you the idea that it we're going to continue at the site level to try and keep thing as thick. Try to keep things as normal as possible for our students. So with that in mind, I invite super tenant fiacco if you would like to you I guess receive any questions or speak to a little bit of the process. I know that Christine is here as well and Karen I'll put it in your lap.

00:22:17.950 --> 00:22:22.040

Fiacco, John

Thank you, Principal Pyra and thank you for that wonderful report. It said. Glad to see that.

00:22:22.090 --> 00:22:38.780

Fiacco, John

But despite the recommendation that the school is moving forward and doing what they normally do, and focusing on the students are really appreciate that. I'm here tonight to to speak to the process and and and how.

00:22:39.550 --> 00:22:43.890

Fiacco, John

The the, the Community and the stakeholders can can have their their voice heard.

00:22:44.670 --> 00:22:45.290

Fiacco, John

Uhm?

00:22:45.990 --> 00:23:15.840

Fiacco, John

And before I do that again, I want to introduce Christine Meadows and uncaring garlitos. Christine is our manager of communications and Engagement, and Karen Girly. Rose is new with the division this year, and she comes to us from Alberta education. She has 11 years of experience doing public engagements and she is going to be my go to person here in terms of what we're doing. From November 20, the evening of number 24th.

00:23:15.980 --> 00:23:22.290

Fiacco, John

All the way up until February 23rd. So as you saw in the letter that came out on November 24th.

00:23:22.840 --> 00:23:37.030

Fiacco, John

Uh, every all of occasions and all feedback and all questions and all comments need to be filtered through engagement at ecs.net and why that's important. This is very critical in this is very crucial.

00:23:37.910 --> 00:24:09.100

Fiacco, John

Once he gave him process starts, it's very important that we get all information collected in one spot so we can collect all the information organized into themes and then present that to the board of trustees. So to have one off conversations here and there doesn't do us any good, so any any thoughts in any any

comments you have please forward at at engagement at ecsd.net and Karen will compile this. You'll between now and until February 23rd.

00:24:09.380 --> 00:24:17.260

Fiacco, John

Should we use that information to help us with our planning? Help us with our January 17th public engagement evening.

00:24:18.590 --> 00:24:20.360

Fiacco, John

So it's very critical.

00:24:22.530 --> 00:24:51.380

Fiacco, John

So I just want to reiterate that as we move forth on December 15th, everyone will get the comprehensive plan as to what January 17th will look like. K and January 17th is the public engagement evening that there won't be invited to wear karante present to me. Some more commonly asked questions or answers questions at once again and then we would probably move into some.

00:24:51.430 --> 00:24:55.500

Fiacco, John

Uh, other discussions where we can address those one off questions.

00:24:57.210 --> 00:25:00.510

Fiacco, John

Following that January 17th evening.

00:25:00.650 --> 00:25:31.610

Fiacco, John

Uh, stakeholders still have until January 24th to still file any videos, any letters, any any sort of documentation that you want the board of trustees to hear it 'cause it's very important. Understand that senior administration does not make the decision. The board trustees will make that decision based upon the report that everyone has right now in their has access to you right now and the feedback and what we heard from the Community that will be presented at the board meeting on February 23rd.

00:25:32.800 --> 00:25:34.190

Fiacco, John

And then they will go to vote.

00:25:35.500 --> 00:25:40.890

Fiacco, John

So again, once again I wanna reiterate everything through engagement at dcscd.net.

00:25:42.080 --> 00:26:07.850

Fiacco, John

And if you want to see, see me, that's fine. If you want to see, see the trustees. That's fine. But ultimately, if if we notice that that that communication that you're sending to us is not being sent to engagement ECSD or, then we will forward that to you and then you will probably get a notification that

your comments, your suggestions, your questions, your feedback, whatever you submitted has been received and will be filed.

00:26:10.660 --> 00:26:11.150

Fiacco, John

OK.

00:26:12.970 --> 00:26:14.680

Fiacco, John

Are there any questions about the process?

00:26:17.960 --> 00:26:37.270

Fiacco, John

So first question, are we going to have our opportunity to speak again? That is something that you would submit through engagement. Easiest d.net and we'll see what we'll see. How often that shows up and then they'll help us in our planning for January 17th. So between now and December 15th will come up with that engagement plan.

00:26:45.490 --> 00:27:08.910

Pyra, Kenneth

Alright, I if there are no other questions or anything like that. John, are there any other opportunities for alternative meetings or information gathering or anything like that other than going through the engagement at ecds.net and the January meeting?

00:27:09.420 --> 00:27:11.870

Fiacco, John

Yeah, that's a great question Ken again.

00:27:12.820 --> 00:27:21.600

Fiacco, John

As of November 24th, we're in the gagement consultation process. Our job is to collect all the feedback and make it public, so it'd be unfair for me too.

00:27:21.920 --> 00:27:38.220

Fiacco, John

Uh, how have a sidebar meeting with a small select group of people and collect that data and information without without making it public turbine? Also, again, if you have questions that need to be addressed, engagement at ecds.net and we'll address them.

00:27:39.200 --> 00:27:41.540

Fiacco, John

At one time on June on January 17th.

00:27:45.370 --> 00:28:13.040

Pyra, Kenneth

OK, thanks for that, John had clarification Emilia. I just if you can jump in here for a minute. I do know that further down the agenda. There's also the community consultation for consideration foreclosure in order for us to kind of expedite things. Can we kind of consolidate it right here and then just say if any

questions, comments, feedback and so on and so forth we take place here, and that would provide the opportunity for Karen, Christine and John to exit the meeting.

00:28:14.520 --> 00:28:30.890

Emilia Ziomko (Guest)

Yeah, that sounds good. I also wanna second John and encourage all parents of current students. Or if you know parents with perspective students, please spread the word among our community. We have already been in contact with the Polish Community just to have as much engagement and as much participation as we can.

00:28:31.820 --> 00:28:46.930

Emilia Ziomko (Guest)

Uh, one question. I do wanna clarify John is the proposal after certain right now is for complete closure of the program and my correct last time. Last time we had the option over location has that option being taken completely off the table.

00:28:40.780 --> 00:28:41.220

Fiacco, John

You are.

00:28:47.490 --> 00:28:51.900

Fiacco, John

Amelia, you're you are correct in your in your in your first statement there yes.

00:28:53.380 --> 00:28:54.490

Fiacco, John

It's for complete closure.

00:28:55.100 --> 00:28:55.810

Emilia Ziomko (Guest)

Extension.

00:29:01.920 --> 00:29:04.140

Emilia Ziomko (Guest)

I think there's a couple more questions here.

00:29:02.010 --> 00:29:02.280

Pyra, Kenneth

It.

00:29:04.360 --> 00:29:08.240

Emilia Ziomko (Guest)

Uhm well that I ask holder public consultation happen in person.

00:29:08.820 --> 00:29:12.490

Fiacco, John

I will let everyone know on December 15th, but it's going to look like.

00:29:14.370 --> 00:29:18.460

Emilia Ziomko (Guest)

And where is the twenty 2122 school budget?

00:29:21.080 --> 00:29:48.510

Pyra, Kenneth

Yeah, and that must be that must be referencing Amelia the the website that he showed everyone today there. There might be a little bit of an issue there, yet I do know it might not be up because I know and and John for certain. You can attest to this that we haven't received all our all of our allocations that we normally get. So things like our English language, learning allocations and so on. So until that usually happens and normally it takes.

00:29:49.250 --> 00:30:09.490

Pyra, Kenneth

We're usually end in November anyway, so I would suggest that the financial services with the division to have not yet completed all of the the financial pieces of the budget for this school year. And until that happens, and that won't go live until that's completed. So at our last.

00:30:09.540 --> 00:30:28.870

Pyra, Kenneth

Uh principle meeting here. Last week we do know that some of our allocations were not yet there, so I'm going to suggest it won't go live until we have all of our final numbers ready to go, and then it will. It will go live. So I'm going to suggest I don't know for certain. I'm going to suggest though, it'll be another week or two.

00:30:30.180 --> 00:30:43.350

Emilia Ziomko (Guest)

I do have one more question in terms of leaning more information clarification. If other questions come up in regards to the report can do we send you an email to pass on to join? Or how could those questions be answered through this process?

00:30:43.970 --> 00:31:14.620

Pyra, Kenneth

Uh, thanks Amelia and and John I I know that you're more than likely going to to reiterate this, but the more transparency and clarity we have, the better and everything should go through that engagement. At ecisd.net I, I don't have a lot of information. I have the information that everyone else has that I've. I've read the reports and so on. And in order for the division to gather all the information and questions.

00:31:14.670 --> 00:31:17.890

Pyra, Kenneth

From everyone to go through that.

00:31:19.420 --> 00:31:48.250

Pyra, Kenneth

That email address that I that is the best way to ensure that all questions are answered. All concerns are addressed and all considerations or looked at rather than going through me back to John or to Christine, or two to Karen. So ultimately speaking, I I really don't have a lot and and maybe Karen or Christine. You

wanna you want to? Sorry yeah. Karina, Christine, maybe you want to speak to that a little bit I. I'm not sure I I just think that it should. It should go.

00:31:48.310 --> 00:31:49.670

Pyra, Kenneth

That road, rather than through me.

00:31:50.620 --> 00:31:56.320

Emilia Ziomko (Guest)

So we could. We should expect an answer to certain questions once we email that engagement at ECSD.

00:31:57.100 --> 00:32:00.750

Emilia Ziomko (Guest)

Or will those questions have to wait till the public consultation to be entered?

00:32:02.670 --> 00:32:03.160

Pyra, Kenneth

And.

00:32:02.700 --> 00:32:03.330

Fiacco, John

So.

00:32:03.790 --> 00:32:22.550

Fiacco, John

Go ahead, well, I I can answer that. So again between now and January 17th will be collecting all these questions and the most popular, most frequent questions will be addressed in in in in the first part of that, and then if there's one off questions we can answer that during during the facilitated discussions afterwards.

00:32:24.660 --> 00:32:26.840

Fiacco, John

But everything's gotta be recorded, right?

00:32:31.760 --> 00:32:32.430

Pyra, Kenneth

K.

00:32:31.990 --> 00:32:35.210

Emilia Ziomko (Guest)

OK, I I have no further questions. I don't see it there.

00:32:35.820 --> 00:32:38.150

Emilia Ziomko (Guest)

As in any other questions from their parents here.

00:32:40.900 --> 00:32:41.290

Pyra, Kenneth

OK.

00:32:41.930 --> 00:32:43.950

as (Guest)

Yeah, looks like there's a couple more questions.

00:32:42.130 --> 00:32:42.490

Fiacco, John

Good.

00:32:44.630 --> 00:32:45.350

as (Guest)

On the side.

00:32:44.680 --> 00:32:58.890

Emilia Ziomko (Guest)

Yeah, there's very specific questions. Where are the surplus deficit memos? What are the percent salaries water that percent SDS projected surplus deficit? So those kind of questions. Do you want us to send to engagement?

00:32:48.910 --> 00:32:49.970

Fiacco, John

Yeah, exactly so.

00:32:54.870 --> 00:32:55.260

Fiacco, John

So.

00:32:58.930 --> 00:33:10.380

Fiacco, John

Absolutely I'm I'm I'm pretty certain will get that question more than once. So for me to answer it in this in this forum and then multiple times open again again again. So we could say, you know on January 17th.

00:33:11.500 --> 00:33:21.410

Fiacco, John

Ranked in whatever order, these are some of the more frequent question being asked so you know we would pose the question and we would answer that question. At one point I had one at one time.

00:33:23.910 --> 00:33:24.600

Emilia Ziomko (Guest)

K Thank you.

00:33:28.060 --> 00:33:54.990

Pyra, Kenneth

So if there are no further questions for Christine, Karen, and John, then I I think Emilia be safe for us to say thank you so much for for joining us here this evening and providing us us some clarity on the process and and how to most effectively communicate with the division on. And this entire process. So with that in mind, we can move forward with the rest of our of our meeting that those three don't need to be at and and Terry.

00:33:55.050 --> 00:34:01.890

Pyra, Kenneth

As well, is there anything that you'd like to contribute or any questions that this group has for you as well?

00:34:03.410 --> 00:34:13.760

Harris, Terence

Well, thanks very much. I can appreciate that. I know while it, but if it's OK I'll hang in for the rest of this. The the parent council meeting.

00:34:15.500 --> 00:34:16.890

Harris, Terence

Thank you appreciate that.

00:34:18.240 --> 00:34:30.830

Pyra, Kenneth

OK, excellent so John, Karen and Christine. Thanks for joining us here this evening and just know that you're going to be recorded so good on you and will move on with the rest of the meeting.

00:34:29.300 --> 00:34:29.720

Fiacco, John

Thank you.

00:34:31.200 --> 00:34:32.200

Fiacco, John

K goodnight

00:34:31.810 --> 00:34:33.620

Emilia Ziomko (Guest)

Thank you so much guys, Goodnight.

00:34:34.980 --> 00:34:36.160

Pyra, Kenneth

And just to.

00:34:35.330 --> 00:34:36.030

Garlitos, Karen

Thanks, can I?

00:34:37.070 --> 00:34:44.960

Pyra, Kenneth

Uh Emilia I there's a couple more things on their principals report that I I do want to share that I think are are are are good news.

00:34:45.190 --> 00:35:01.380

Pyra, Kenneth

Uh, and I don't know gosia how things went here this this afternoon at school, but at the same basil Tigers volleyball team, it's a Coed volleyball team, is in the semifinals where we're rocking the house and we went into the semifinals at 5. And why did they win?

00:34:58.930 --> 00:34:59.620

Emilia Ziomko (Guest)

They want.

00:35:01.700 --> 00:35:04.810

Emilia Ziomko (Guest)

They when my son told me it was on Instagram already.

00:35:02.200 --> 00:35:02.860

Pyra, Kenneth

You got it.

00:35:03.940 --> 00:35:33.640

Pyra, Kenneth

Nice nice nice. So we can't wait to celebrate that tomorrow, so that's that's really great news and with such a small number of students that it's it's great to see that our Coed team is really doing so well as we compete with other eminent Catholic school. So congratulations tigers. I also just wanted to provide you just a couple more things here that we were very fortunate that the division is provided. All of our teaching staff with.

00:35:34.040 --> 00:36:04.430

Pyra, Kenneth

Chrome books that will support them in the delivery of excellent programming to students. So it was a no cost to our school and and I know that the division did that across the board for all teachers. So a real big thank you Terry to the division into to you, the trustees that are supporting that initiative to provide that technology to our teachers to be able to do the job that they're doing as well. We we got that donation of a it was an anonymous donation of a Chromebook CART tour school, so we got another.

00:36:04.490 --> 00:36:15.650

Pyra, Kenneth

25 Chromebooks as well as a cart that we add to our technology inventory that helps to make that one one to one access to technology more.

00:36:16.020 --> 00:36:45.650

Pyra, Kenneth

Uh, accessible that that was absolutely outstanding, so we don't really have to wait for signing out and and access. So whoever the anonymous donor was, it provided us the the dollars to be able to purchase that Chromebook cart were in gratitude for that as well. The division is also moved forward with replacing some of our older projectors for our smart boards in some of our classrooms as well.

00:36:45.870 --> 00:36:54.700

Pyra, Kenneth

So that's a that's a great thing for us. Less downtime and a little bit to more speed has been really.

00:36:54.950 --> 00:37:25.620

Pyra, Kenneth

Uh, it's made an impact for sure, and and finally the division as well. It has spent money on upgrading the wireless infrastructure at the site as well so that the increased use of wireless devices, including

student personal devices, is making things work that much that much better at our school. So again, that's a thank you to the vision for making the investment into our school to try and support that the learning for students and making things work just that much.

00:37:25.910 --> 00:37:42.020

Pyra, Kenneth

Better for staff and students as we journey through the school year so that that is pretty much all for my. My report from the the principle standpoint, are there any questions, comments, any feedback that anyone like to to give to me at this time?

00:37:45.040 --> 00:37:59.010

Emilia Ziomko (Guest)

I had a couple more things on there. You did send me the plant field trips for the year, so thank you for that. Is there any wishlist items that you would like to present just so we could start thinking about it so we could start talking about it?

00:37:48.860 --> 00:37:49.250

Pyra, Kenneth

Yep.

00:37:49.910 --> 00:37:50.290

Pyra, Kenneth

Yep.

00:37:59.370 --> 00:38:20.760

Pyra, Kenneth

Yeah, and I can. I can go to that mail you have that listed a little bit further down and I what I'll do is I'll share the screen that I sent to you for the the field trips but from the the wishlist Pirsig it's not there yet. We meet with our staff on Thursday so that's that's one of the things that will will be going through with them on this Thursday. So I will open up my.

00:38:20.810 --> 00:38:24.660

Pyra, Kenneth

Eh, I gotta find that if you give me a second.

00:38:25.280 --> 00:38:27.530

Pyra, Kenneth

No, it's the email right here.

00:38:28.520 --> 00:38:30.690

Pyra, Kenneth

Not this.

00:38:31.640 --> 00:38:34.120

Pyra, Kenneth

It's just a lot of button pushing. That's really all it is.

00:38:42.470 --> 00:39:12.380

Pyra, Kenneth

So I have sent this to the school council chair about some of the traditional field trips that are classes have taken in the past. It's not a comprehensive list, but certainly is something that gives you an indication of some of the things that our staff are looking at this year as well. The spreadsheet at the bottom is our school fee plan that submitted by the defendant.

00:39:12.430 --> 00:39:43.920

Pyra, Kenneth

By by the school and is posted by the division and is available to anyone to look at. You can see that some of the field trips that are planned this year is as skiing and we've already got the plans that are starting to unfold as we speak. In grades four to nine, there is a swimming Tel Telus world of science teachers pet for in school field trips. So for example, both boats and buoyancy's bridge building. The Valley Zoo, Prairie Gardens, safety city. You can read all those.

00:39:44.680 --> 00:39:49.160

Pyra, Kenneth

That are that are there, but it's not a comprehensive list, and it certainly doesn't lock us into.

00:39:49.490 --> 00:40:14.960

Pyra, Kenneth

Uh, actually attending those field trips as as you know, with the with the pandemic, things like Jasper, Birch, Bay and so on May in fact to have to be counseled. If if that is the case, so rather than us saying you know these are the field trips that we will go on, we'll just give you a list of what we've traditionally gone on in the past and and then see if we can work within that.

00:40:15.910 --> 00:40:48.130

Pyra, Kenneth

As well, what, uh, what I provided here that you can see is the approved field trip form that is also available for public consumption, about the total cost of of these field trips throughout the the school year so you can see that it's a. It's a broad variety of of trips without identifying specific trips that we would be looking at charging throughout the year. Again, this is based on our historical record of trips that our students would go on.

00:40:48.210 --> 00:41:18.640

Pyra, Kenneth

So you can see kindergarten is \$145.00 at Grade 5 is \$240 and then we have some some other numbers that are there. Birch Ban, Jasper for a great night's for example, had \$200. So what? We're what we're seeing here is that field trips are a little bit expensive and and you know that, like everything else, costs are going up. So rather than us identifying specific field trips and associated costs with those field ribs is again historically.

00:41:18.850 --> 00:41:49.140

Pyra, Kenneth

It school counselor supported a dollar amount that would subsidized field trips per student from kindergarten to Grade 9 and talking with our business manager Pani Kowal. It has been approximately \$10 per student in Kata Kata 9 to subsidize field trips. So whether they go on 10 field trips or they go in one field trip, it's it's \$10 and they can. The classrooms can utilize that in any way they they feel.

00:41:49.340 --> 00:42:19.550

Pyra, Kenneth

Works for them to help offset offset costs. So as an example, if our grade just as example where grade fives going one field trip in the year, they would utilize that \$10 in that one field trip kindergarten in the. On the other hand goes on 7 field trips so they would spread that \$10 across all those field trips. So that's that's kind of the field trip. Peace and Amelia that we talked about, and I I guess up to this group to decide whether or not they want to go.

00:42:19.610 --> 00:42:22.740

Pyra, Kenneth

Down the road that we have traditionally gone down with that subsidy.

00:42:24.370 --> 00:42:26.400

Pyra, Kenneth

So any questions, comments, feedback?

00:42:29.290 --> 00:42:30.250

Emilia Ziomko (Guest)

No thank you for that.

00:42:30.960 --> 00:42:31.260

Pyra, Kenneth

Sure.

00:42:31.290 --> 00:42:38.130

Emilia Ziomko (Guest)

Also, we spoke about Spruce Ave skating ring usage. Has there been any talk with the teachers about contacting?

00:42:39.250 --> 00:42:40.490

Pyra, Kenneth

Yeah, yeah.

00:42:40.170 --> 00:42:41.650

Emilia Ziomko (Guest)

Henry or Harry?

00:42:41.350 --> 00:42:45.150

Pyra, Kenneth

'cause yeah, 'cause gorgeous gorgeous really smiling so I'll let her have that one.

00:42:42.330 --> 00:42:42.760

Emilia Ziomko (Guest)

Yep.

00:42:48.270 --> 00:42:57.120

Beringer, Malgorzata

Thanks boss. So Amelia, we actually approached one of our teachers miss injury so she will be starting with our junior high outdoor Ed class and with our junior high.

00:42:57.340 --> 00:43:28.250

Beringer, Malgorzata

Uh Fizz Ed classes. We hear that Henry is a sweet man who operates the skating rink and he is overjoyed that our students would be using the rink. So I know that Miss Signore is going to reach out to Henry and what we're hoping to have happen is that as the students get excited and as the junior high's get exposed to it, we gain some excitement in the building and that the students start talking about, well, I hope that my class gets to go do this, and then it'll entice more of our teachers to jump.

00:43:28.310 --> 00:43:34.750

Beringer, Malgorzata

On that bandwagon. So we're starting a little bit slow, but we are. The wheels are turning in that direction, so we're very excited about it.

00:43:36.220 --> 00:43:37.270

Emilia Ziomko (Guest)

Perfect thank you.

00:43:37.780 --> 00:43:40.370

Beringer, Malgorzata

Thank you for bringing that to our attention. Amelia, that's wonderful.

00:43:40.640 --> 00:43:42.280

Pyra, Kenneth

Yeah, thanks a million thanks gosia.

00:43:44.100 --> 00:43:49.820

Beringer, Malgorzata

Oh, and sorry can there's a yeah apparent sorry Amelia, go ahead. There's a parent that has their hand up.

00:43:50.090 --> 00:43:58.980

as (Guest)

Yeah, it's just me and would we be able to do something like in line like the rollerblading, but get something like that for the skating?

00:44:00.610 --> 00:44:01.970

as (Guest)

Since we have the ring.

00:44:06.060 --> 00:44:06.970

Pyra, Kenneth

Did you?

00:44:06.300 --> 00:44:10.230

Emilia Ziomko (Guest)

Uh, do you mean instructional? Like instructional, OK?

00:44:08.550 --> 00:44:09.010

as (Guest)

Right?

00:44:09.640 --> 00:44:10.060

as (Guest)

Yeah.

00:44:10.930 --> 00:44:15.840

as (Guest)

Like an in school fieldtrip like we did in line the rollerblading, but instead do it.

00:44:16.720 --> 00:44:19.970

as (Guest)

A skating portions since we do have the rank available to us.

00:44:20.990 --> 00:44:50.650

Pyra, Kenneth

So from this standpoint, eight I, I hear what you're saying is that we have our alien in line and we have direct instruction done by those Members. That alien in line we're going to start with just our teachers and see how that goes so that we could just expose our students to the rank and doing things like safety, exercise, Wellness that that type of thing. And we'll see how that's received. And then what we have available to us and that would be a relationship with some of our.

00:44:50.710 --> 00:45:14.770

Pyra, Kenneth

Academies within the division to see if we can access some of those academies to be able to provide some direct instruction for us on things, and I'll just use this as an example. It don't know if it's accurate or not. Things like power skating, stopping, starting, turning, and so on. They give us some further instruction on how to be able to do that, so we'll try to leave Ridge. Some of the staff within the division that run academies to see if they're able to help us on that regard.

00:45:16.190 --> 00:45:16.500

as (Guest)

OK.

00:45:23.700 --> 00:45:32.680

Pyra, Kenneth

And and that's that's again my my report gosia. Did I miss anything? Thanks Amelia for this gating thing. 'cause we we got on that right away.

00:45:35.590 --> 00:45:39.100

Pyra, Kenneth

OK then, if there are no other questions, comments.

00:45:39.150 --> 00:45:42.040

Pyra, Kenneth

The except my report as read.

00:45:45.820 --> 00:45:47.630

Les Neatby (Guest)

Actually, I do have a question quickly.

00:45:49.270 --> 00:45:53.500

Les Neatby (Guest)

There was some scuttlebutt upload engaging the.

00:45:54.320 --> 00:45:56.590

Les Neatby (Guest)

I think it was the consultants to come.

00:45:57.940 --> 00:46:01.320

Les Neatby (Guest)

To see what we could do for the Grade 7 project they refer that.

00:46:02.280 --> 00:46:06.650

Les Neatby (Guest)

Junior high students to keep them engaged. What were the results of those consultations with?

00:46:07.790 --> 00:46:09.250

Les Neatby (Guest)

Camera with department. It was Ken.

00:46:10.770 --> 00:46:13.340

Pyra, Kenneth

If that was, I think less you're talking about CTS.

00:46:14.420 --> 00:46:22.870

Les Neatby (Guest)

Might have been, it was something where they you know, consulting department that says, oh, you couldn't help your school by doing this or that or this or that or these activities work or what?

00:46:24.060 --> 00:46:31.060

Pyra, Kenneth

Yeah, I I I, I hope I hope you and I were speaking about the same thing. We did receive a.

00:46:24.440 --> 00:46:24.730

Les Neatby (Guest)

Or

00:46:32.320 --> 00:46:47.670

Pyra, Kenneth

And I'm going to look for the right words on this one. It's a. It's a broad spectrum printer that we did receive from Saint FX High School that we want to be able to incorporate into our skeds.

00:46:47.990 --> 00:47:00.480

Pyra, Kenneth

Uh, coursework for our junior high students that help with not only operating the equipment, but on basically things like advertising, promotion.

00:47:00.710 --> 00:47:31.000

Pyra, Kenneth

Uh, especially now that our our students in the the volleyball team are doing so well is to be able to do things like printing posters, promoting, promoting the tigers, and putting them up in the gym things things of that nature. So a lot of advertisement type types of things as well as the development of modules we have been working with with the CTS consultant. And you know, unfortunately, that's being away for eight weeks.

00:47:31.590 --> 00:47:53.280

Pyra, Kenneth

I don't really have a strong handle on how things have gone, but I do know that the the printer was donated to the school. I do know that or junior high teachers receive some training and now it's just a question of how we can incorporate using that skill set and that hardware in in having our students do some of that CTS work that that that I had mentioned.

00:47:54.500 --> 00:47:54.850

Les Neatby (Guest)

OK.

00:47:56.370 --> 00:47:56.800

Pyra, Kenneth

OK.

00:47:58.290 --> 00:47:59.320

Pyra, Kenneth

Any other questions?

00:48:04.140 --> 00:48:05.950

Pyra, Kenneth

Alright Emilia, my parts done.

00:48:07.440 --> 00:48:10.000

Emilia Ziomko (Guest)

Thank you can thank you gosia for the updates.

00:48:10.050 --> 00:48:20.860

Emilia Ziomko (Guest)

Uh, alright, so let's keep on moving through the agenda on my part. We talked about the same basil school proposal foreclosure and no further updates, just.

00:48:21.550 --> 00:48:25.720

Emilia Ziomko (Guest)

Engagement at ecsd.ca right Fender females.

00:48:26.490 --> 00:48:40.310

Emilia Ziomko (Guest)

Uhm, I also wanted to mention that June 11 has been designated by the province of Alberta as Polish Heritage Days and Polish Congress has asked St. Basil if they would like to be involved in the celebration.

00:48:41.050 --> 00:48:59.750

Emilia Ziomko (Guest)

Uh, so can maybe at the upcoming staff meeting you could mention it to their teachers and see if they would be interested in being involved in doing maybe a presentation, maybe some kind of a kids activity, but it's supposed to be quite the event at the ledge grounds with all Polish organizations involved.

00:49:01.830 --> 00:49:02.720

Emilia Ziomko (Guest)

Uhm?

00:49:02.050 --> 00:49:14.620

Pyra, Kenneth

And and that's really good timing. And we do have our staff meeting here on Thursday, so we'll we'll include that in in our agenda and engage our staff and see if there's something that we can do with that. So thanks a million for that.

00:49:15.160 --> 00:49:33.640

Emilia Ziomko (Guest)

Perfect and parent council is willing to help out in any way they can and I'm sure we can get more parent volunteers to assist as well. I know the other two schools are already participating and I think some of the students overlap the Saturday school as well as seeing Basil so we can maybe piggyback off of that.

00:49:34.520 --> 00:49:37.400

Emilia Ziomko (Guest)

Uh, so to start off the Polish heritage days though.

00:49:34.810 --> 00:49:35.110

Pyra, Kenneth

K.

00:49:38.010 --> 00:50:02.370

Emilia Ziomko (Guest)

Uh, we will move our 35th anniversary or more like 38th and adversary banquet today, Saturday before so, the Polish hall has been re booked for June 11th and at that banquet we will celebrate. Hopefully the program being around for so many years and that will commence the Polish heritage base again. All the Polish organizations will be there and we're hoping that I will be a success.

00:50:04.730 --> 00:50:12.390

Emilia Ziomko (Guest)

Uh, and then one other thing I wanted to remind everyone of is the bottle drive fundraiser at Dashboard Edmonton Bottle Depot.

00:50:13.560 --> 00:50:23.710

Emilia Ziomko (Guest)

Please send those bottles. Indigenous city like pick up so if you live far, that's not an issue as well as the 5050 raffle Christmas Christmas recollect going on right now.

00:50:24.410 --> 00:50:30.430

Emilia Ziomko (Guest)

Please continue buying those tickets, supporting us and Bambi, and that's all I had for the chair report.

00:50:36.690 --> 00:50:37.780

Emilia Ziomko (Guest)

Yep, that's all I had.

00:50:39.170 --> 00:50:39.970

Emilia Ziomko (Guest)

Ah.

00:50:41.330 --> 00:50:47.060

Emilia Ziomko (Guest)

I have other items through this cast. I don't know if there's any more questions or anything else anybody would like to talk about.

00:51:36.040 --> 00:52:06.210

Harris, Terence

Uh, you know it's a, it's a, uh, a decision that needs to be considered. Given that we have it was approved at the last board meeting and and that'll happen February 23rd, I believe it is. And until that time, of course there will be an opportunity for for engagement of the Community and and for all of individuals to express their views through that Channel.
